<b>By:</b>	Nano Equipment Pte Ltd ( <a href="http://www.neseapl.com">http://www.neseapl.com</a> )
<b>Release:</b>	Version 1, May 2010

## CUT - Android Application

	<p><b>Introduction</b></p> <p>Through CUT, we bring you trailers of the latest movie openings in a specially edited video hosted by beautiful guest DJ.</p> <p>Updated weekly, we bring you not just the main stream releases but also indies that may have escaped your radar.</p>
	<p><b>Main Page</b></p> <p>Title of the video indicates the relevant week of the video.</p> <p>Click on the thumbnail image to play the video.</p> <p>Use the 'Previous', 'Latest' and 'Next' buttons to select video for a different week.</p> <p>Click to open the User Comments page for this video.</p> <p>Click to open the Cinema Guide for this video.</p> <p>Click to view info on the host for the video.</p> <p>Click to view short film recommended by CUT.SG team.</p>
	<p><b>Additional Options</b></p> <p>Press the Menu Key of the phone to reveal additional options.</p>

	<p><b>Settings</b></p> <p>If you would like to post comments, you are required to provide a valid Youtube Account or Youtube linked Google Account.</p> <p>Weekly notification is a silent reminder to check for new video.</p>
	<p><b>User Comments</b></p> <p>View user comments for the selected episode. Use the “Previous” and “Next” button to scroll page by page if there are many comments.</p>
	<p><b>Post Comments</b></p> <p>If you would like to join the discussion, press the Menu Key of the phone.</p>

	<p><b>Cinema Guide</b></p> <p>Click on a movie to view cinemas that are showing the movie.</p> <p>Click on a cinema to check the location of the cinema on a map.</p>
	<p><b>Cinema Location</b></p> <p>The map shows where the selected cinema is located.</p>
	<p><b>Info</b></p> <p>Select 'About' to check version number and view Terms of Use.</p> <p>Select 'Feedback' to provide feedback to our support team.</p> <p>Select 'Other apps by developer' to check out other mobile applications developed by Nano Equipment Pte Ltd.</p>
